Magee PRODUCTS

"It's a Pleasure to Bake with a Magee Range"

ONE movement of the damper throws the entire heat through the special Magee sheet flues, and sends the heat under the six boiling holes and around five sides of the oven. This means a hotter oven and saves your fuel

Magee glass oven doors make it possible to see the condition of your roast or your baking without stooping or opening oven door.

Magee Ranges are equipped with gas ovens and gas broilers, as well as open burners on top of the range.

More About the Great \$100.00 Installment Savings Plan

by the Passumpsic Savings Bank
St. Johnsbury, Vt.

What the \$100.00 Plan Will Do

The \$100.00 book will aid you to systematically save money. Records of bank deposits show that most savers of money do not have a regular systematic plan for saving. You spend your money on the Installment Plan. Why not save it on the Installment Plan.

The \$100.00 Plan For Fathers and Mothers

The Installment Book plan is for fathers and mothers. Why? Because father and mother know the value of having money in the bank. They appreciate the necessity of having a bank account which is constantly growing and not shrinking. If you are a father or mother, you

know how necessary it is that children should be taught the principles of Thrift and Economy. You should have the installment book for the benefit of your children. You should let them bring the money each week to the bank; this helps to form the habit of saving. Then too there is a debt to be raised sometime, a mortgage to be paid, something that you will want to buy, all coming in the future. The \$100.00 installment plan will help you.

For Young Men and Young Women

The Installment plan is for young men and young women. Why? Young men and young women while still young in life should save a part of their allowances or incomes. This is the time in life when it is easiest to "get a start." Let us tell you how an Installment book

will help you. It would give you prestige in the community; it would make you independent; it would help you in the eyes of your employer perhaps and it would give you the start that you are so anxious to get.

For Boys and Girls

Boys and girls will want the \$100 Installment book. Even if they have to work very hard for the money, the habit of saving will be a most valuable one and they will start the foundation of their future independence. Boys and girls urge your parents to help you in starting toward the \$100.00 goal, or better, plan to earn the money yourselves. Think what this money would mean to you in the future.

Perhaps it would help in your college education, or be the foundation even of your future fortune. Andrew Carnegie, you know, was a poor boy who saved his money.

It Is Not Too Late START NOW!
